*ICSA Meeting and Announcement

**ICSA 2013 Applied Statistics Symposium / ISBS International Symposium on Biopharmaceutical Statistics Joint Conference**

The 22nd Annual ICSA Applied Statistical Symposium and the 3rd ISBS International Symposium on Biopharmaceutical Statistics will be held jointly from Sunday, June 9 to Wednesday, June 12, 2013, at the Bethesda North Marriott Hotel & Conference Center, 5701 Marinelli Road, Bethesda, Maryland, USA. We envision that this joint meeting will allow us to attract industrial statisticians and many international
statisticians as well as statisticians working in government and academia.

Keynote speakers include Prof. Marie Davidian, North Carolina State University and the 2013 President of the American Statistical Association (ASA); Dr. Nancy Geller, Director of Office of Biostatistics Research, National Heart Lung and Blood Institute, and past President of the American Statistical Association (ASA); Dr. Rob Hemmings, Statistics Unit Head at the UK Medicines and Healthcare Products Regulatory Agency and Chair of the Scientific Advice Working Party (SAWP); Dr. Lisa LaVange, Director of Office of Biostatistics, CDER, Food and Drug Administration. We are also delighted to confirm Prof. Xiao-Li Meng, Dean of the Graduate School of Arts and Sciences at Harvard University as the conference banquet speaker.

In addition, there will be short courses, invited sessions and contributed sessions. Details will be announced on our website http://www.icsa.org/2013/ and http://www.isbiostat.org/main/.

We at ICSA and ISBS join the strengths and efforts to make this conference a unique and memorable learning experience. We sincerely welcome all ICSA and ISBS members, and all people interested in application of statistics to participate, organize invited sessions, submit papers to the contributed sessions, and provide suggestions. The executive committee welcomes suggestions and help from all interested members. Questions and suggestions can be addressed to Aiyi Liu at liua@mail.nih.gov or Mark Chang at mchang@amagpharma.com.

The Call for Invited Session Proposals

The theme of this ICSA/ISBS Joint Conference is Globalization of Statistical Applications, in recognition of the International Year of Statistics 2013.

The Program Committee is now soliciting proposals for invited paper sessions for the conference. The submission deadline for formal invited session (both oral and poster) proposals is February 1, 2013. Proposals reflecting the theme of the
conference are particularly encouraged. Invited sessions will be selected by the Program Committee from those submitted.

Invited sessions typically have 4 speakers (25 minutes each) or 4 speakers plus a discussant (20 minutes each). To submit a formal invited session proposal, please go to the web link http://www.icsa.org/a/s.jsp?d=1198046672 and follow the instructions.

The formal proposal should include the following information:

1. Session title
2. Brief (1-2 paragraphs) description of session
3. Organizer name, affiliation, telephone, and e-mail address
4. Session chair name, affiliation, telephone, and e-mail address
5. Speaker information
   1. Name, affiliation, and e-mail/telephone
   2. Talk title
   3. Indication of whether the speaker has agreed to attend the conference if session is selected
   4. Indication of any conflicts the speaker might have with meeting dates
6. Preferred order of presentations
7. If not selected, whether the session can be moved to invited poster sessions. For more information, visit the ICSA website at http://www.icsa.org/2013/

2013 ICSA International Conference

The 9th triennial International Conference of the International Chinese Statistical Association (ICSA) will be held at the Hong Kong Baptist
University, Hong Kong from Dec 20-23, 2013. The conference is also co-sponsored by the American Statistical Association (ASA), the Chinese Association of Applied Statistics (CAAS), the Chinese Society of Probability and Statistics (CSPS), the Hong Kong Statistical Society (HKSS), the Institute of Mathematical Statistics (IMS), the International Society for Bayesian Analysis (ISBA), and the Royal Statistical Society (RSS). The Program Chairs are Jiqian Fang (fangjq@mail.sysu.edu.cn), Ji Zhu (jizhu@umich.edu) and Lixing Zhu (lzhu@math.hkbu.edu.hk). Please refer to the conference website http://www.math.hkbu.edu.hk/ICSA2013/ for more details.

*Awards and News*

**BASS XX, 4-7 November, 2013**

The Twentieth anniversary meeting of Biopharmaceutical Applied Statistics Symposium (BASS XX) will be held 4-7 November, 2013, at the Double Tree (by Hilton) Hotel in downtown Orlando, FL. At least 16 one-hour tutorials, on diverse topics pertinent to the research, clinical development and regulation of pharmaceuticals, will be presented 4-6 November, 2013, by speakers from academia, the pharmaceutical industry and the Food and Drug Administration (FDA). Two parallel, one-day short courses will be presented 6-7 November, 2013. Popular features of BASS XX are the keynote address, on Tuesday, 5 November, 2013, with reception following, and the Wednesday morning, 6 November, 2013, FDA Biometrics session.

For further information, please contact the BASS registrar at rewhtworth@georgiasouthern.edu or Dr. Karl E. Peace, 912-478-7905, email peacekarl@frontier.com. The BASS Webpage may be viewed at www.bassconference.org.

**Call for topic-contributed session proposal for JSM 2013**
Topic-Contributed session proposal submission for JSM 2013 is open.

While well-organized and interesting sessions are encouraged, session space is limited and ICSA will only directly sponsor two topic-contributed sessions. The organizing committee of JSM will be accepting Topic-Contributed session proposals from December 3, 2012 - January 15, 2013. Once accepted, the abstracts of accepted session will be submitted no later than February 4, 2013.

For further information on this process, please visit the JSM 2013 conference website by clicking on the following link: [http://www.amstat.org/meetings/jsm/2013/topiccontributed.cfm](http://www.amstat.org/meetings/jsm/2013/topiccontributed.cfm) or contact Lu Tian, ICSA representative to 2013 JSM Program Committee, at lutian@stanford.edu

**Video Competitions for Early Career Statisticians**

In conjunction with the aims of the International Year of Statistics and Mathematics of Planet Earth, we invite all early-career statisticians (studying, or within 5 years of graduation) to produce a short (3-5 minute) video for the ABS YSC2013 Video Competition, or a static infographic for the ABS YSC2013 Infographic Competition. Both competitions have a 1st prize of $500, and 2nd prize of $250.

Entries close 16th November, and winners will be notified by mid-December.
Details available at: [ysc2013.com/program/competitions/](http://ysc2013.com/program/competitions/)

**The 4th IMS-China International Conference:**

The IMS-China International Conferences promote communications and collaborations between the researchers in China and those from other parts of the world. The 1st to 3rd conferences in this series were successfully held in Hangzhou, Weihai and Xi’an, China, respectively.

We are pleased to announce the 4th IMS-China International Conference on Statistics and Probability 2013 to be held in Chengdu, China from June 30 – July 4, 2013. The scientific program of this conference will cover a wide range of topics in probability, statistics
and their related areas, focusing on recent developments and the state of the art in a variety of modern research topics and in applications. It will provide an excellent forum for scientific communications and collaborations for the researchers. For more information, you may contact the scientific program chair: Runze Li (rli@stat.psu.edu). Please check the conference website: http://imscn2013.swufe.edu.cn for updated information.

*ICSA Co-Sponsored Publications

**ICSA Members Submit your work to Statistics in Biosciences**

Recently we convened a very successful editorial board meeting for Statistics in Biosciences(SIBS) at JSM in San Diego. The journal is growing and now is under consideration for inclusion and indexing in ISI(Web of Knowledge) and PubMed. We have also recently published special issues on the cutting-edge areas of comparative effectiveness and network analysis. The number of author initiated submissions has increased rapidly. A special issue on next generation sequencing data analysis is underway. SIBS will have invited sessions at the 2013 ENAR, Joint Statistical Meetings, and 2013 International Conference of ICSA.

We encourage all ICSA Members who do research in the biosciences to consider submitting their scientific papers and review articles to SIBS.

*Statistics in Biosciences* is published twice a year in print and electronic form. It aims at the development and application of statistical methods and their interface with other quantitative methods, such as computational and mathematical methods, in biological and life science, health science, and biopharmaceutical and biotechnological science.

A link for submitting your article to SIBS online is below.
Thank you for your consideration, and we look forward to reviewing your submissions in the future.

Xihong Lin

Statistics and Its Interface

Statistics and Its Interface is an international statistical journal promoting the interface between statistics and other disciplines including, but not limited to, biomedical sciences, geosciences, computer sciences, engineering, and social and behavioral sciences. The journal publishes high-quality articles in broad areas of statistical science, emphasizing substantive problems, sound statistical models and methods, clear and efficient computational algorithms, and insightful discussions of the motivating problems. Visit SII’s web page at http://www.intlpress.com/SII/SII-BrowseJournal.php for more information.

International Press and Tsinghua University Mathematical Science Center are pleased to announce open online access (free of charge) to the journal Statistics and Its Interface (SII) which includes five volumes.

Now in its fifth volume, the journal, edited by Yale University professor of biostatistics Heping Zhang, publishes high-quality articles dealing with broad areas of statistical science, and emphasizing substantive problems, sound statistical models and methods, clear and efficient computational algorithms, and insightful discussions of the motivating problems. SII is currently indexed by MathSciNet, ZentralBlatt MATH and Science Citation Index Expanded.
Among SII’s publications are numerous special issues, including: “Financial Engineering and Risk Management” (Vol. 1, No. 2), “Statistics and Machine Learning” (Vol. 2, No. 3), and “Singular Spectrum Analysis” (Vol. 3, No. 3).

The latest issue, Vol. 5 No. 3 (2012), is entitled "Empirical Likelihood" and guest edited by Liang Peng.

**SII is available to the public online at**
[http://intlpress.com/SII](http://intlpress.com/SII)

**News from Statistic Sinica**

Call for submissions on a special issue in Time Series Analysis and Bayes Methods (deadline of submission: Feb 1, 2014)

Call for submissions on a special issue in Spatial and Temporal Data Analysis (deadline of submission: July 31, 2013)

How to Write a Journal Paper (Don Ylvisaker, Workshop on Statistical Frontiers, 2012 ISS)

**Forthcoming Papers from Statistica Sinica**

**The January Issue Has Been Released!**

Statistica Sinica has released the on-line version of the January issue. The newly-published articles are available for subscribers when clicking on Current Issue. ICSA members please access those articles via the “membership only area” at [http://www.icsa.org/](http://www.icsa.org/). If you have any problems for subscription, please contact the editorial office through ss@stat.sinica.edu.tw.
*Job Listings*

**INS Faculty Recruitment Program in Statistics**

**The Company Name:** Shanghai Jiao Tong University

**The Company Information:**

Shanghai Jiao Tong University, one of the top universities in China, is undertaking a major expansion aimed at becoming one of the world's leading centers of scientific research. A major initiative of this expansion is the establishment of the Center for Statistical Sciences, initially hosted in the Institute of Natural Sciences (http://ins.sjtu.edu.cn/), led by world class faculty conducting research in statistical theory and methodology, and collaborating with researchers in other disciplines, including biology, engineering, finance, management, medicine, and public health. It will also develop a rigorous education and training program for undergraduate and graduate students. The university has committed significant resources to ensure the success of this center.

**The Position Title:**

Appointments at all levels, from postdoctoral fellowship to Chair Professorship, are available to candidates with strong or promising academic credentials.

**The Duties & Responsibilities:**

We are seeking applicants in all major areas of statistical research to join our center for theoretical and methodological research. Successful candidates will also be charged to develop a vibrant and visible training program in statistics.

**The Position Qualifications:**

Ph.D. in Statistics, Biostatistics, or related fields.
**The Salary Range:** Very competitive salary.

**The Benefits:** Highly attractive benefits and start-up packages.

**The Company Web Site:** [http://ins.sjtu.edu.cn/](http://ins.sjtu.edu.cn/)

**The Send Application To:**

Applications should consist of a curriculum vitae, a list of publications, and a summary of future research plans. Application materials should preferably be sent electronically to Ms. Hong Wei ([ins@sjtu.edu.cn](mailto:ins@sjtu.edu.cn)).

They can also be mailed to: Ms. Hong Wei

Institute of Natural Sciences
Shanghai Jiao Tong University
Shanghai 200240, China.

**The Email of Contact Person:** Hong Wei at [ins@sjtu.edu.cn](mailto:ins@sjtu.edu.cn)

*Upcoming Workshops and Meeting*

Young Statisticians Conference 2013
February 7–February 8, 2013, Melbourne, Australia

SAMSI-NCAR Workshop on Massive Datasets in Environment and Climate
February 13–February 15, 2013, Boulder, CO, USA

SAMSI-SAVI Workshop on Environmental Statistics
March 4–March 6, 2013, Research Triangle Park, NC, USA
http://www.samsi.info/workshop/samsi-savi-workshop-environmental-statistics-march-4-6-2013

Conference on Advanced Statistical Methods for Underground Seismic Event Monitoring and Verification
March 7–March 8, 2013, Arlington, VA, USA
http://stat.rutgers.edu/conferences/monitoringandverification2013

2013 ENAR/IMS Meeting
March 10,–March 13, 2013, Orlando World Center Marriott Resort, Orlando, FL, USA
http://www.enar.org/meetings.cfm

Columbia-Princeton Probability Day 2013
March 29, 2013, Princeton, NJ, USA
http://orfe.princeton.edu/conferences/cp13/

29th European Meeting of Statisticians
July 20–July 25, 2013, Budapest, Hungary

First Asian International Statistical Institute Satellite Meeting on Small Area Estimation
September 1–September 4, 2013, Bangkok, Thailand
http://www.math.sc.chula.ac.th/sae2013

The First International Conference on Statistical Distributions and Applications
October 10–October 12, 2013, Mt. Pleasant, MI, USA
http://people.cst.cmich.edu/lee1c/icosda/

The 69th Deming Conference on Applied Statistics
December 9–December 13, 2013, Atlantic City, NJ, USA
